**Antique Winchester  
Model 1886  
Deluxe Rifle .45-70**

# Antique Winchester Model 1886 Deluxe Rifle .45-70 s/n 63045

As part of WACA's 2021 fund raising efforts, Poulin Antiques & Auctions, Inc. has graciously offered to feature this unique rifle in their upcoming auction on May 21-23, 2021, with 100% of the proceeds going to WACA.

WACA, Mike Hunter of Hunter Restorations and TimberLuxe Stock Finishes have teamed up to restore an original Antique Winchester Model 1886 Rifle with its half-octagon barrel rechambered in .45-70, and with new and beautifully TimberLuxe finished fancy American walnut stocks, expertly hand checked by master engraver Dennis McDonald.

The receiver, lever, hammer, buttplate and forend cap are color case-hardened using the original Winchester bone and charcoal process. The barrel and magazine tube are rust blued just like the originals were. The result is a deluxe rifle replicating the look and feel of the original Winchester 1886.

**Bid on This Rifle at the Poulin Auction Beginning May 21, 2021**
