

# Winchester Arms Collectors Association

## Display Awards Program Midwestern Show

Please complete the top of the attached judging form and turn-in to the front desk by 10:00 AM Saturday.

The Displayer must be a WACA member to qualify for an award. A minimum of five (5) displays is required for cash awards. Plaques will be awarded regardless of the number of displays. Each Display will compete in one of the following categories:

**Best Single Gun Display** (Cash Award of \$250 plus Plaque), The Single Gun Display is only eligible for those displays with one gun—i.e.: displayer cannot request judging of one gun from a multiple gun display for the “Best Single Gun” award.

**First and Second Place** (Cash Awards of \$500 and \$250 plus Plaques). All other Displayers will receive an Outstanding Display Plaque.

Only Winchester-related displays will be judged and included in the awards program; however, we may allow historical non-Winchester displays for show only subject to prior-approval.

All items Displayed must belong to the person displaying to be eligible for an award, and only one member may present items on a display if it is to be judged. One person, one display.

All Displayers must complete and submit judging forms to qualify for an award. All single guns will be entered in the "Single Gun" category.

Once set up, no item may be removed from or added to the Display for the duration of the show. This ensures that the public sees the same display as judges.

Only Displays on designated Display tables will qualify for judging to win an award. Displays on trade tables do not qualify.

No item on a Display may be for sale or sold during the show.

Only one (1) award will be given to an individual Display.

All judged entries, including Single Guns, are eligible for the two top awards.

The “Best Single Gun” award will only be awarded once to any gun.

Any display winning an award (other than the Outstanding Display award) may not compete for the same award within three years of winning unless 50% or more of its contents are changed.

Misrepresentation of any display item disqualifies the display, including items not factory original not labeled as such.

These Display Rules apply to the Midwestern and Eastern States shows only.
